

Joe Jackson - Live at Rockpalast

Talk about night and day. This two-disc affair unearths a trio of '80s gigs from Jackson: A bare-bones blast of new wave from his original band in 1980, and two shots of keyboard-pop and Latin-jazz from his more seasoned and sophisticated 1983 lineup. Either way, he's the man.

RATING: 3.5 (out of 5)
