

**THOR: RAGNAROK (Blu-ray)****Marvel Studios + Disney Home Ent.**

Marvel Studios' *Thor: Ragnarok*, the God of Thunder's third installment in the Marvel Cinematic Universe, electrified both audiences and critics alike. Now, the colorful cosmic adventure, loaded with action, humor, drama and spectacle, bursts into homes everywhere. Thor (Chris Hemsworth) is imprisoned on the other side of the universe without his mighty hammer and finds himself in a race against time to get back to Asgard to stop Ragnarok — the destruction of his home world and the end of Asgardian civilization — at the hands of an all-powerful new threat, the ruthless Hela (Cate Blanchett). But first he must survive a deadly gladiatorial contest that pits him against his former ally and fellow Avenger, the Incredible Hulk (Mark Ruffalo), and grapple with his silver-tongued adopted brother Loki (Tom Hiddleston), the fierce warrior Valkyrie (Tessa Thompson), and the eccentric Grandmaster (Jeff Goldblum).

THE PARIS OPERA (DVD)**Film Movement**

A candid look behind the scenes of one of the world's foremost performing arts institutions. It's Autumn 2015 and new director Stéphane Lissner is putting the finishing touches on his first press conference at the Paris Opera. Backstage, artists and crew diligently prepare to raise the curtain on a new season with Schonberg's opera, *Moses and Aaron*. However, the announcement of a strike and arrival of a two-thousand-pound bull in a supporting role complicate matters greatly. As the season progresses, more and more characters appear, playing out the human comedy in the manner of a documentary opera. The arrival of a promising young Russian singer, Mikhail Tymoshenko, adds to the mix, and Lissner will have to survive star choreographer Benjamin Millepied jumping ship after taking over as director of ballet at Palais Garnier. But when the terrorist attack at Bataclan plunges the city into mourning, the company pulls together to ensure the show must go on.

THE WONDER YEARS: COMPLETE SERIES (26-DVD)**Time Life**

Time Life has re-released its DVD-boxed set of *The Wonder Years* to commemorate the show's 30th anniversary. For six seasons the show captured the angst of growing up in suburban middle-class America in the late 1960s, as seen through eyes of Kevin Arnold (Fred Savage), from his first kiss with Winnie Cooper (Danica McKellar) to his friendship with Paul Pfeiffer (Josh Saviano) and the ups and downs of the Arnold family. The series went on to win twenty-four awards, including multiple Emmy Awards, a Golden Globe and, in 1989, a Peabody Award for pushing the boundaries of the sitcom format. *The Wonder Years: The Complete Series* features the soundtrack of more than 300 classic period songs as they were featured in the original broadcasts, including tracks from artists Jimi Hendrix, Bob Dylan, Joni Mitchell, The Byrds, Simon & Garfunkel, Aretha Franklin, James Taylor, and Joe Cocker's unforgettable theme.

THE GOOD FIGHT - SEASON ONE (3-DVD)**CBS DVD + Paramount**

When her friends' multimillion-dollar investment scam ruins Diane Lockhart's (Christine Baranski) plan for retirement, wiping out her savings and tainting her reputation, she is literally at a loss. In season one of *The Good Fight* (spun off from *The Good Wife*), a disgraced Diane is forced out of her own law firm and joins another distinguished company as a junior partner. She recruits Maia Rindell (Rose Leslie), a promising young attorney with her own baggage — Maia's parents are blamed for ruining the con that defrauded Diane and other members of Chicago's business elite. Diane is reunited with her ex-employee, Lucca Quinn (Cush Jumbo), who's made a name for herself since leaving Lockhart/Gardner. Under the pressure to both rebuild and maintain their lives, this fearless team of women all have something to prove and nothing to lose.

WHAT'D HE SAY?

One of the Republicans running in the GOP primary to replace U.S. Sen. Elizabeth Warren is a businessman named John Kingston, who reportedly campaigned against Trump in 2016. Now, he wants

to unseat Warren. Strange candidate to me. A recent quote made little sense. He wants to unite factions and bring people together. Kingston says, "I'm not like John F. Kennedy, I'm not like Paul Tsongas, I'm a lot left of center and right of center." Sounds like he wants to be Baker, Weld, Romney, and Scott Brown rolled up into one.

I am not even considering this guy. I will be looking elsewhere for my candidate choice in November.

"THE HARDEST WORKING**MAN: How James Brown Saved the Soul of America"**

Recently, I started reading a

book about James Brown, the Godfather of Soul. It was written in 2008, but is even more relevant today on the 50th anniversary of the year 1968. I just started reading it and it's a great non-fiction book about 1968, the assassination of Dr. King, and the April 5th James Brown concert at Boston Garden that year. It is filled with great Boston history surprisingly still unknown to many who lived through this period. The book is written by former *Boston Globe* writer James Sullivan. It is an inspiring book about one of Boston's darkest hours. You won't regret reading it.

Andrew McCabe Gets Fired and ...

by Sal Giaratani

Last Friday, news broke that the Deputy FBI Director and former acting FBI Director Andrew McCabe had been given the heave-ho by U.S. Attorney General Jeff Sessions after receiving a report by the Department of Justice Inspector General saying that McCabe's words and actions were deemed enough to recommend his firing. Sessions fired him within hours of McCabe being able to retire with a full pension.

Immediately, political spin-doctors were at work, either supporting the firing or, as in the case of usual suspects MSNBC and CNN, calling the firing vindictive and political. McCabe, to them, was just a victim of the Trump Administration's political agenda.

I think before everyone goes bananas, they should just wait and see what is in the I.G. Report. If the firing is just, there is nothing to see here except someone getting properly fired. If not, then the liberal media can speak up over the matter.

We can not have a politicized FBI or DOJ. The credibility of government agencies is on the line here.

As far as the Mueller investigation goes, to date it has been a big nothing burger. Indictments

have been issued, but for not Russia-Trump collusion.

Eventually, Mueller either has to connect the dots or wrap things up. This cannot be an

everlasting probe.

If McCabe's firing stands, it is not a bad day for American democracy; it is a bad day for McCabe and nothing more.
