Double Dragon

Ever since the new film Dragon Ball Super: Broly has earned over \$3.6 Million, an oldie but goodie has been remastered and it is the campy Double Dragon (Collector's Edition-1994) from MVD (Blu-ray and DVD Rewind Collection)! From producers Don Murphy (Transformers franchise), Jane Hamsher (Natural Born Killers), Alan Schechter (Showdown), writers Michael Davis (Shoot 'Em Up) and Emmy® Award Winner* Peter Gould (Better Call Saul, Breaking Bad) comes the cult classic movie based on the video game smash! Double Dragon roars to life with amazing special effects, spectacular action sequences, and a knock-about sense of humor. It's the year 2007, and what remains of L.A. is now "New Angeles," a city ravaged by earthquakes, tidal waves and vicious gangs. The evil tycoon Koga Shuko (A young, crazy-looking Robert Patrick, Terminator 2: Judgment Day) is obsessed with finding the two halves of a talisman known as the "Double Dragon," which will give him awesome mystical powers. Two teenage brothers, Jimmy (Mark Dascos, John Wick 3: Parabellum) and Billy Lee (Scott Wolf, Party of Five) find themselves in possession of the amulet's missing half, thrusting them into the adventure of their lives. With the help of Maria (Alyssa Milano, Charmed) and her vigilante group "The Power Corps," Jimmy and Billy must summon all of their courage, resourcefulness and martial-arts skills to stop the villain's malevolent plan. Crackling with the energy and humor of its two heroes, Double Dragon is a high-octane action spectacular. Buckle your seatbelt and enjoy the ride! Yes, new to BD and first time available in North America. ★★ ★ ★

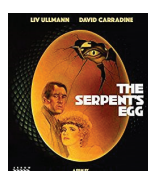

Bent

Gawk, listen and be amazed at Bent (Film Movement Classics Blu-ray- 1997), the stunning film adaptation of Martin Sherman's Award-Winning Play starring a very young Clive Owen, super-star Ian McKellen and Mick Jagger in drag!!!! In 1930s Berlin, homosexual Max (Clive Owen) sleeps with German officer Wolf (Nikolaj Waldau), only to see him killed by his fellow Nazis the next morning. Jagger is a singing Drag Queen who also flees the Germans just in time by burning his gowns and changing back to a man's name. The film is worthwhile just to see Jagger perform and sing suspended from a wire hoop!!! Meanwhile, fleeing with his boyfriend, Rudy (Brian Webber), the couple is eventually caught and taller Max is forced to beat his partner to death on a train to prove they have no connection. He's then sent to Dachau concentration camp and meets Horst (Lothaire Bluteau), a proud gay man also bound for the camp. Despite their harsh surroundings, (the film has many depressing moments to bear) the two fall in love. The Extras point out that many American films adapted about Jews in the 40's and 50's substituted straight Star patches on the protagonist, when actually, they were Gay and had a Pink Triangle on their prison clothes. Those films never implicated that Gays were severely hunted like dogs, only straight Jew families,(a shameful cover-up of the times). Though, this altered process made a taboo subject more marketable at the box office. Now the full truth is revealed in this "uplifting and life-affirming cinematic (piece of) brilliance!" Winner of the Prix de la jeunesse (Award of the Youth) at Cannes Critics' Week in 1997! Bonus features included Cast and Crew Interviews, Mick Jagger music video Streets of Berlin, Behind the Scenes footage, and new essay written by Steven Alan Carr. ★★ ★ ★ ★

The Serpent's Egg

Arrow Productions releases two old classics now refurbished in 4K transfers and High Definition for a new generation. The first is The Serpent's Egg -Special Edition (MGM 1977) stars Liv Ullmann and David Carradine (in a powerful Ingmar Bergman production)! How do you measure your own sanity in a world gone mad? Berlin, 1923. Out-of-work circus performer Abel Rosenberg (David Carradine, Kill Bill) is living in poverty. When his brother commits suicide, he moves into the apartment of his cabaret singer sister-in-law (Liv Ullmann, Scenes from a Marriage), but the pair soon attract the attentions of both the police and a professor with a terrifying area of research when they start to make enquiries about his mysterious death. One of Bergman's darkest and most unlikely films, The Serpent's Egg is a hypnotic, and a "Kafkaesque tale of paranoia" in a poisoned city. EXTRAS: German Expressionism archival interview with Author Marc Gervas Plus an Illustrator's Collector's booklet from First Pressing Only! ★★ ★ ★

Bloody Birthday

Now the second entry is entitled Bloody Birthday-Special Edition (MVD/Arrow Blu-ray 1981) starring Lori Lethin, and KC Martell and was cleverly directed by Ed Hunt and all the birthday parties are pretty bloody and Rated: R!!! "The Bad Seed meets Halloween" in this deliciously twisted early 80s slasher! Debbie, Curtis and Steven may seem cute as buttons. But their angelic facade conceals the wicked, murderous streak given to them having all been born under the same solar eclipse. With the grown-ups around them blissfully unaware of their little darling's homicidal tendencies, the evil brats begin to bump off the adults one-by-one. By gun. By arrow. By cake. Bye-bye! Mixing the killer-kid subgenre with elements of the then-booming slice-and-dice movie, 1981's Bloody Birthday shocks and appalls with its scenes of young children shooting, strangling and bludgeoning their way through the local population. They sure don't (and can't!) make them like this anymore. EXTRAS: Brand new 2K restoration from original film elements, Bad Seeds and Body Counts a brand new video appreciation of Bloody Birthday and the killer kid sub-genre by film journalist Chris Alexander, PLUS - FIRST PRESSING ONLY: Collector's booklet featuring new writing by Lee Gambin! ★★ ★ ★ ★
