Life of the Party

Hold tight as a Hurricane Force of laughter heads your way with Melissa McCarthy's "Life of the Party" (Warner Bros. Blu-ray + DVD + Digital). When her husband suddenly dumps her, long-time dedicated housewife Deanna (Melissa McCarthy) turns regret into re-set by going back to college... landing in the same class and school as her daughter, who's not entirely sold on the idea. Plunging headlong into the campus experience,

the increasingly outspoken Deanna—now Dee Rock—embraces freedom, fun and frat boys on her own terms, finding her true self in a senior year no one ever expected. Deanna certainly navigates the campus into boisterous fun!!! McCarthy has come a long way since her "Bridesmaid" days, now co-writing with director Ben Falcone. This comedy is tailor made for Melissa and the gags and theatre response were extremely high for this

clowning event! This movie is sidesplitting and the best jesting movie I've seen in a while. Melissa McCarthy killed this movie and brought her script to life on screen. Kudos to her and Falcone. Bonus Material: - '80's Party, - Mom Sandwich, - Deleted Scenes, - Line-O-Rama: Line-O-Rama, - Line-O-Rama: Bill Hate-O-Rama and Gag Reel Remember prices are up for Blu-ray @ \$35.99!

Bye Bye Germany

Now let's get funny in a World-War II movie, "Bye Bye Germany" (Film Movement) that's surprisingly funny and filled with wit! Could this be true? Yes, a Film Festival winner too. Frankfurt, 1946. David Bermann (Moritz Bleibtreu) and his Jewish friends have escaped the Nazi regime and are now dreaming of leaving for America. But how will they get the money in these tough post-war times? The smooth-talking businessman focuses on what the Germans now need most: fine bed linens nicely wrapped in amusing stories! The six talented entertainers go from home to home, praising housewives with ashy chutzpah until the flattered ladies have no choice but to buy their irresistible items. Business flourishes

and a bright new future can be seen in the horizon. But questions about Bermann's past catch up with him. Why does he have two passports? What about his visit to Hitler's mountain retreat? Could he have collaborated with the Nazis? The smart and attractive but uncompromising US officer Sara Simon (Antje Traue) refuses to close the interrogation. She wants to get to the heart of Bermann's wartime memories. Sara matches his quick wit with iron severity, but it becomes increasingly difficult for her to escape his charm...! And that my film friends is what Yiddish Flavor tastes like!!!! BONUS ADD-ONS: Feature includes short film Strings. Plus Directors' statement, Why-We-Selected statement, and chapter breaks. ShadowBuilder

Now get very scared as the "Rewind Collection" presents an excellent refurbished 1998 classic - "Bram Stoker's ShadowBuilder" (MVD Blu-ray). I was impressed with all the technical aspects of the film considering CGI was in its infancy and, surprisingly, Weta Workshop, created many of the Special Effects, a technical company best known for the Lord of the Rings Trilogy! To see their work in this classic horror film was a treat. The prop company is based in Miramar, New Zealand, producing effects for television and film. Founded in 1987 by Richard Taylor and Tania Rodger as RT Effects, Weta Workshop has produced creatures and makeup for legions of popular films. The Blu-ray transfer is not quite clear, however, although the eerie story looks good because you think you are looking at horror through a light mist. This Special Edition boasts unbelievable thrills and can still scare new audiences today! From Stoker, - "When God created light, the first shadow was born!" A supernatural "shadow builder" blazes a terrifying trail of destruction, possession and mayhem in pursuit of the unsuspecting and innocent youth of Grand River. Be afraid of the dark. From the mind of the master, Bram Stoker, the creator of "Dracula" comes the epic struggle between good and evil in SHADOWBUILDER, featuring an all-star cast that includes Michael Rooker (Guardians of the Galaxy), Leslie Hope (Crimson Peak), Kevin Zegers (Dawn of the Dead) and Tony Todd (Candyman). When an evil Archbishop of the Catholic Church summons a demon to try and destroy the world. The summoners are killed, but the demon escapes to hunt down its needed victim. The victim soon turns out to be a child that has the potential to become a saint. With rough and tough Rooker as a gun-slinging priest, he will stop at nothing to get to the boy (even kill him) before the Shadowbuilder eats his soul and destroys the world! This thriller contains female nudity, gore and evil spirits that chill the bone. MVD REWIND COLLECTION SPECIAL EDITION FEATURES: High Definition Blu-ray (1080p) presentation of the main feature, Original 2.0 Stereo Audio (Uncompressed PCM), Audio Commentary from Director Jamie Dixon, NEW! "Making of Shadowbuilder" featurette (HD, 33:22) (featuring director Jamie Dixon, writer Michael Stokes and stars Andrew Jackson (The Shadowbuilder) and Tony Todd (Covey)), NEW! "Shadowbuilder: Visual Effects" featurette (HD, 13:26), NEW! "Shadowbuilder: Kevin Zegers" featurette (HD, 5:00), Reversible Artwork, Spanish Subtitles, Original Theatrical Trailer (SD) and an awesome mini Collectible Poster inside the case!
