NEW DVD/BLU-RAY: TAKE A TRIP TO THE NIGHT OF THE LIVING DEAD REANIMATED

[BUY THE DVD HERE](#)

Night of the Living Dead: Reanimated features the work of various artists, animators, and filmmakers from around the globe.

The mixed media featured include puppetry, CGI, hand-drawn animation, illustration, acrylics, claymation, and even "animated" tattoos, just to name a few.

This mass-collaboration approach is less about remaking Romero's film and more about viewing the classic through an experimental lens. Instead of trying to alter Image Ten's work, NOTLD:R seeks to showcase the responses that artists from around the world have had to this landmark film.
