« Are You Ready For "Prison Idol" And "Dancing Behind Bars?"

Animated Version Of "Night Of The Living Dead" Coming Soon To DVD!

By Tambah, on August 6th, 2010

An interesting homage... although some might call it blasphemous 😊

Last year, an eclectic group of 150 artists (photographers, puppeteers, illustrators, painters, etc) were invited to animate scenes from **George Romero's** 1968 independent black-and-white allegorical zombie classic, *Night of the Living Dead*, with the original audio and soundtrack, to create the full-length *Night of the Living Dead: Reanimated*. The collective was with given no restrictions on style, media or process.

Now, the project is officially complete, and the finished animated film will be released on DVD on **August 24th**, thanks to **Wild Eye Releasing**. You can preorder **HERE** via **Amazon.com** if interested.

The project has a **Facebook group** which you can join **HERE**. Explore the project's website **HERE**.

It's trailer follows below; I'm intrigued, and will likely check it out:
