

THE LAST TESTAMENT OF GEORGE HARRISON/Paul McCartney Is Really Dead (MVD Visual) Is this just a bunch of junk. Actually this is a farce. This DVD is a story about some package that has 2 tapes in it with some guy that has a voice like George Harrison saying that Paul McCartney was killed in a car crash and replaced with a double!!! This is a bunch of Weekly World News trash DVD that belongs in the garbage. Don't waste your money on this crap. Info:
