PAUL McCARTNEY REALLY IS DEAD

The Last Testament of George Harrison

Could this be a hoax heaped upon another hoax, or is that the voice of George Harrison calmly relating the cover up in precise chronological detail? My opinion doesn't matter. What matters is that this film has the ability to stop you in your tracks and make you reconsider your previous beliefs about the whole "Paul is dead" controversy. This is a must-watch documentary for anyone who lived through Beatlemania and for newer Beatles fans who want to reach back to that magical time.

Paul McCartney Really Is Dead is an extremely well-paced and well-produced, and is best described as a "dark comedy thriller" as it takes the "Paul is Dead" mystery to an entirely new level. Highly recommended for all Beatles fans, music history fans and conspiracy theorists!
