[BUY NOW](#)[Paul McCartney Really Is Dead: The Last Testament Of George Harrison](#) (2010)

Genre: Documentary

This peculiar film from director Joel Gilbert delves into the bizarre urban legend that The Beatles' Paul McCartney was actually killed in a 1966 car crash and replaced by an imposter. The documentary uses narration from audio tapes featuring a voice that purports to be George Harrison to lend credence to the rumor believed to be a hoax at the time of its release. Various clues that the band supposedly left in their art over the years to alert fans are also examined. 95 min. Soundtrack: English.
