Is the real Paul McCartney really dead?: James Gilbert says yes [video]

Documentary director of 'Paul McCartney Really Is Dead: The Last Testament of George Harrison?', Joel Gilbert has what he believes to be the voice of George Harrison on his documentary confessing to the cover up of the 'real' Paul McCartney's death.

According to a news interview on Fox 5 DC this morning, Gilbert says the 'real' McCartney died in a car accident in 1966.

The following is an excerpt from Gilbert's website ...

• *Until now, the "Paul is Dead" mystery that exploded worldwide in 1969 was considered a hoax. However, in this film, the mysterious voice on the tapes reveals a secret Beatles history, chronicling McCartney's fatal accident, the cover up, dozens of unknown clues, and a dangerous cat and mouse game with "Maxwell," the Beatles' MI5 handler, as John Lennon became increasingly reckless with the secret. The voice also claims that Lennon was assassinated in 1980 after he threatened to finally expose "Paul McCartney" as an imposter!*
