# Fantastic Fest Favorite I THINK WE'RE ALONE NOW Available on DVD!

Sean Donnelly's great documentary *I Think We're Alone Now*, which follows the lives of two avid stalkers of 80's pop sensation Tiffany, blew a lot of people's minds when it played at Fantastic Fest in 2008. Those who want to re-experience this film can now grab a copy of the brand new DVD release.

People who purchase the DVD from [See of Sound.com](#) — it is really inexpensive — will get a poster signed by the film's subjects: Jeff Turner and Kelly McCormick! That is an offer that cannot be denied. Supplies are limited so get to it!
