Sean Donnelly's great documentary *I Think We're Alone Now*, which follows the lives of two avid stalkers of 80's pop sensation Tiffany, was released on DVD in North America, Australia, Europe and Japan today. The film has been available in the United Kingdom on DVD and from iTunes for a few months.

People who purchase the DVD from the link below -- it is really inexpensive -- will get a poster signed by the film's subjects: Jeff Turner and Kelly McCormick! That is an offer that cannot be denied. Supplies are limited so get to it.
