Kylie -- Just When You Thought You'd Seen It All

- [Music](#)

We're sure all the diehard **Kylie** fans -- are there any other kind on our side of the pond? -- caught Miss Minogue making a rare U.S. TV appearance earlier this week on *America's Got Talent*. (If you didn't, you can watch it [here](#). Look at those heels!) And don't even get us started on all those lucky bitches in the New York area who got to see her [perform](#) alongside **Rufus Wainwright** as his special guest at "The Last Song of Summer" show at the Watermill Center on Saturday, August 28.

Those of us stuck in the hinterlands, meanwhile, can look forward to seeing some uncommon turns by Kylie very soon, too. The new DVD [Kylie: Rare and Unseen](#) collects a hour's worth of ephemera that you could spend months looking for on YouTube, including clips long thought lost, such as the singer and her original face on UK kids show [Ghost Train](#) in 1989. You get TV interviews from throughout her 20+ year career, footage from the launch of her fragrance, chit-chat about her movie roles (don't you want the inside scoop on *The Magic Roundabout* and *The Delinquents?*), and lots more.

Alas, it doesn't look like the DVD includes her infamous "banned" [lingerie commercial](#)... but maybe they'll tack it on as an Easter egg. Check out some rare footage, after the jump.
