[Scream Dream](#)... Her reputation is more than just rumor!

A heavy metal singer's satanic worshipping reputation turns out to be more than just a rumor in this cult-on-video classic! Michelle Shocked (Carol Carr) is a lead singer of a red hot heavy metal band. Her image as the new queen of rock is fed by rumors that she's involved with witchcraft & satanic worship. There are even stories of disappearances of fans at her shows! But her manager Lou Sharkey has grown tired of dealing with media outrage, so he fires her & replaces her with Jamie Summers (Melissa Moore), a sexy blonde with a strong voice & less ego. However, when the band visits Shocked to tell her they had nothing to do with her firing, they discover the rumors are true – Shocked is a [demon](#) & the band is forced to kill her. But later that day, Jamie visits Shocked's apartment to pick up some of her old stage clothes & finds the body. Drawn to it, she becomes possessed by Shocked's [spirit](#). With this fresh young body, Shocked will get the revenge she craves!
