

SCREAM DREAM  
DVD

Track Listing:

**Rating: 3 stars!**

As with the review above this, I gave this dvd a "3" rating based on video quality...it's like a 3rd generation vhs copy!

The devil, horror, heavy metal & out-dated looking people...this campy horror movie is a fun drunken watch for those who love b-movies.

Bad acting, bad plot, no stars, no theme other than death & sex, this is low budget cinema at it's best!
