Aaah! Zombies

Sat, 18/09/2010 - 01:31 — chris

Those of you who came to SFL7 will remember the hilarious zombie movie *Wasting Away*, where a group of preppies become zombies, without really knowing it, and we see the world through their eyes. The film has had a DVD release in the UK and Europe for some time now and is available from [Play](#) and all good retailers, as well as on iTunes. Now, it is finally getting a North American release on DVD and VOD, but under a new title. It's now called *Aaah! Zombies!!*, for what director Matt Kohnen describes as "a variety of Distribution-related reasons". The film will be available on Netflix

Here's a link to a new trailer
And of course, Facebook friends are always enjoyable.
