DWARVES - Are Born Again

Hey it's awesome to see the Dwarves back in action with a new album. What do I think? These guys have continually broken the rules when it comes to recording material and this album is no exception. What you get for your money are 18 tracks which are a cool mix of hardcore punk, ear soothing pop and everything in between! You know it's going to be good and with tracks such as 'I Masterbate Me', 'We Only Came To Get High', 'Happy Birthday Suicide' and 'Bang Up' you can't go wrong. While many bands with controversial lyrics usually cannot play the same cannot be said of the Dwarves. These guys are a tight assed unit who know how to rock it out with the very best! In fact I'd go as far to say as they're one of the best bands on planet earth! 'Are Born Again' is going to go down as one of my favorite releases in 2011. A point worth mentioning is if you buy a vinyl copy of this album it comes with a free DVD! 9.5/10
