

IGGY POP & THE STOOGES - Raw Power Live In The Hands Of Fans

For fans of the Stooges are going to love this release. This is going to be a 180 Gram Vinyl release of Iggy Pop and co playing the 'Raw Power' album live which was recorded at the All Tomorrow's Parties Festival last September. Even better is this album is being released for Record S'tore Day 2011. The eight tracks from the Raw Power album are featured here plus one bonus track and you're going to love how they are delivered. Iggy Pop may be 63 years of age but the guy knows how to deliver the goods. Musicianship wise it's faultless too! If you're a fan of Iggy Pop & The Stooges then this is going to be a record that you'll treasure! 9/10
