Movie Review: Peeping Blog (2011)

I have to do this. I know, it's going to be tough, but I have to. I'm officially breaking up with Creep Creepersin movies. We had our fun. Well, we tried to have some fun. I really wanted to root for the guy after I saw *He*, but I just can't anymore. This will be my final Creep Creepersin review. It's time for me to leave this abusive relationship.

I've seen lazy filmmaking many times, but this is just awful. Nothing, and I mean NOTHING happened in this entire movie. Creep, please stop it. I don't need to watch you drive for twenty minutes. I don't need to watch you cook and eat a Hot Pocket. I don't need to listen to you breathing. You took what movies like *Skew* do so well and

you crapped on it.

I didn't get a full movie, so it doesn't get a full review from me. I even refuse to post an Amazon link, if it even exists. I don't want to be responsible for the sale of even one of these DVDs.
