The Most Evil Men In History Brought To Justice

Every so often a truly sparking documentary series comes to light, and Nazi Hunters is among the very best.

It was in some ways strange how quickly the Western World lost interest in bringing these fugitives to justice after the conclusion of World War II.

Much of this can be explained by countries not willing to dredge up the past, it was better to move forward than open old wounds.

There were some people and organizations that disagreed with this philosophy. The DVD set Nazi Hunters is an 8 episode documentary that
