Nazi Hunters (MVD Visual)

At this point even folks without cable understand that the History Channel's is nothing without shows about Hitler and the Nazis. Thankfully one of the networks best series, *Nazi Hunters*, is finally out on DVD.

The eight episodes focus on folks hunting down escaped SS soldiers who more often than not have fled to South America. And by folks, I mean everyone from Israel's spy agency; Sam Donald's *Primetime Live* crew and even a mother living in Paris disgusted by how many Nazis were able to flee to South America thanks to Argentina's President Juan Peron and some Nazi sympathizers within the Catholic Church.
