House of the Damned

Credits: MVD Entertainment Group

Shot in February 1996, the original *"House of the Damned"* marked the directorial debut of Sean Weathers. Inspired by "Evil Dead" and "Return of the Living Dead" as well as the Twilight Zone television series, Weathers wanted this film to be something that combined all of the things he enjoyed watching as a kid, shot with an all-black cast, which was a first for a film of this genre.

PLOT: After the gruesome and mysterious murder of her father, Liz goes back home for answers. Only to be greeted by more questions and the horrible possibility that her mother may be the killer. Before Liz can comprehend everything going on around her, she finds that the murder was just a ruse to get her home and that she is the killer's true target. Things get supernatural and quirky very quickly in this horror comedy.
