Naked Nazi

SRS Cinema/MVD

Director: Jason Impey

Writer: Jason Impey

Stars: Jason Impey and Amber Lee

(From [imdb.com](#))

What they say: Michelle Young is a sh... finds the tables turned after a horrific se... aftermath she becomes the “Naked Naz... pleasure in dominating then killing anyo...

rampage goes unchecked until she crosses paths with an unhinged Nazi hunter... stop her, or will they too fall victim to her lust for sex and blood?!

What I say: Yeah, it’s exactly what it sounds like. It’s said that this film was sh... been used in several other movies. After watching it, I can believe it. The film is... after an attack and becomes The Naked Nazi. She punishes all the men in reven... her. So t be clear, it wasn’t shocking enough just to be a rape/revenge movie it h... just to make sure.

But despite its low budget origins there is some entertainment to be had, as som... the top they are almost fun. My main man Sloth would definitely approve. I wou... watch.

Picture quality is nothing to write home about but it gets the job done. Extras in trailer.

They All Must Die!

Sean Weathers/MVD

Writer, Director, Janitor: Sean Weather

Note: Before you read my review, please read Sean Weathers bio [here](#), it's entertaining and gives you some insight as to the thoughts behind

What they say: Based on actual events, Sean Weathers went into a black ghetto to write a book about the most relentlessly disturbing, depraved &

the graphic nature of the film it was investigated by the NYPD & FBI & thought was never proven, the case against Sean Weathers and his film is still considered

What I say: Wow, hype much? When I first heard of this film I was intrigued to find the most evil depraved and vile films in the world is well represented here. This is a highly disturbing rape/revenge film. My curiosity was killing me, I HAD to see it. Sean Weathers. What I found was shocking...Sean Weathers is black himself, and (see the link above). So the fine folks at MVD sent me a copy for review and my "adventure"

The first thing you will notice is the disc boots right into the film, no menu or anything. I used my remote and got a menu that said "Play Movie"...that's it! Now on to the film. It was mastered from a VHS tape that was left out in the rain. It is muddy, grainy and lacks the big money to visual effects houses to make their films look like this so whatever it was cropped or not.

The film is exactly what is advertised, a white woman moves to the hood and is i continues for a while then finally three guys bust in to her pad and brutally gang forever. It wasn't as bad as Irreversible but it was damn close and it certainly las recovers and goes on a killing spree dispatching the men in gory violent fashion

The film was made in 1998, and it went unreleased for 13 years. Was it because just no one wanted to touch it until MVD came along. Race relations are still a n this film exists, especially directed by a black man. 1998 or 2011, it does not mat

The real question is did I like it? I don't know if "like" is the right word. It was c felt dirty watching it, so it was a success on that front anyway. As a film it was ki exploitation film it was a winner. It is lodged in my mind so I guess I at least res here to tell you, it is NOT for everybody. Hell, it's not for anybody but me, Sean

No extras to be found.

Film: 7/10

DVD: 6/10
