**DIRECTOR QUOTES**

**THE EROTIC ADVENTURES  
OF  
SAMSON & DELILAH**

They wanted the world, they would have to settle for each other.  
*"This film was going to be a 50/50 mix of live action & narration. With a preacher telling the story to the audience as a sermon, à la Russ Meyer with "Lorna." He would then be coy about the sexual elements, at that point the story would cut to the actual characters."*

- Sean Weathers

**GANGZ vs. CULTS**

**Whose side will you be on?**

*"From '96 to '06 I was a young brash filmmaker that was into camp, shock & exploitation. I wanted to give the middle finger to convention & I did. However not finishing this film will forever hunt me because it would have easily been the most definitive work I could have done during that rebellious phase."*

- Sean Weathers

**Hunted ...  
haunted ...  
wanted ...  
like beasts of prey!**

**ESCAPE FROM  
BLOODBATH ISLAND**

*"Out of all the unfinished duds and gems I've endured as a filmmaker, this one is easily the toughest pill I had to swallow. It went through 3 years and 3 incarnations before I finally pulled the plug for good."*

- Sean Weathers

Compilation DVD

**WHY IS THIS FILM RELEVANT?**

After having endured years of wasted time and effort on projects that for multiple and various reasons were never completed. Sean Weathers release of this compilation DVD became his saving grace.

**CONTEXT**

Sean Weathers initial edited the footage from his incomplete films to make each a companion piece for a finished film in planned 2 disc sets. However because he was so emotionally invested in the films, he would later decide against having

them as throwaway extras and scrap the 2 disc set concept entirely. He would eventually put them together on a compilation DVD, after years of frustration this would finally give him the closure he was looking for.

### **SIMILAR MOVIES**

Porno Holocaust, The Erotic Adventures of Zoro, The Erotic Adventures of Hansel & Gretel, New Jack City, King of New York

### **PLOT SUMMARY**

THE EROTIC ADVENTURES OF SAMSON & DELILAH: A man who was born with supernatural strength does battle with an evil corporation called the Alliance, which is trying to take over the world. To try and stop him from interfering they send out a beautiful woman to find out the secret to his strength.

GANGZ VS. CULTS: Helen, the wife of one of the major gang leaders in New York City, is seduced and runs off with Prince, one of the head members of the biggest cult in the city. This leads to an epic battle between the 2 factions.

ESCAPE FROM BLOODBATH ISLAND: 6 friends get stranded on a deserted island when the engine on their boat catches fire. Once there, they are stalked and hunted down, like prey, one by one by the sole native who lives there.

### **PRODUCTION NOTES**

Late 2003 into 2004, coming off of a life altering depression, Sean Weathers set out to make several softcore fantasy films. In addition to "Gangz vs. Cults," "Escape from Bloodbath Island," and "The Erotic Adventures of Samson & Delilah." Works that he started but never finished, there was also "Apostle of Doom or How I tried to take over the World.," a script that was over 200 pages. Weathers also wrote a script and spent months casting for an unauthorized Emanuelle sequel "Letters from Emanuelle," he also wrote a treatment for a follow up "Emanuelle's Garden." Casting however fell apart and both projects were scrapped. Another notable treatment includes "They Saved Idi Amin's Brain?!", however whichever project he would have attempted to shoot during this time frame would have suffered the same fate. Too much ambition and not enough resources. At the time Weathers was in serious debt, he had no job, no equipment of his own and his life in general was in shambles.

### **TRIVIA**

• The lesbian love scene in "Escape from Bloodbath Island," was added into "Lust for Vengeance," this was done a year before Weathers thought about releasing a disc of his

unfinished works.
