## Bong of the Dead (2009)

### Bong of the Dead (2009)

Tommy and Edwin are Stoner through and through. Since they are not interested in the big meteorite on the earth the plunge into a killer virus to carry the entire human race into zombies can be. What is the buddy but not both keeps you cool, they have discovered a magic fertilizer for their crops. Namely one fertilizes his grass (or whatever else you are so rum) with gemixertem zombie brain it is growing incredibly fast.

Even fast is all well and smoked away all the fertilizer is soon. So they need more zombie brain. And where do you find the undead rags? Exactly, Danger

in the zombie infested area. On the way there they meet the first zombie with whom they barely get along but soon their car is broken and the exact moment they meet the beautiful Leah ...

Hehe, what a waste!

A stoner comedy with zombies. Unfortunately, quite funny in itself only a few of the gags ignite this amateur strip. The acting is also entertaining and technically there is no budget for a really good movie. Especially the really excellent zombie make-up is to mention positive. This looks really cool. Particularly the final battle is great. And so full of great imaginative splatter effects. They are also all handmade, only small parts of the infinitely many liters of fake blood are CGI. The biggest problem is really not that sophisticated script. Apart from the stoner humor anyway I think not very good, most are just silly and over which I had to laugh are so silly that you just have to laugh because they are so much exaggerated. In addition, many scenes are just too long and lacks pace everywhere. The Make-Up is still worth seeing. Would be still nice if there would be a proper DVD release.
