Week ahead: Purling Hiss hits DC9; the Fall's 29th album; Drake celebrates release day on "Letterman"

By [David Malitz](#)

If you listen to one new album this week, make it: "Ersatz GB," the 29th (official) outing by **the Fall**, arguably the greatest band of all time (as long as I'm one of the people in the argument). Here's an entertaining profile of the band's cranky constant, Mark E. Smith, [from the Independent](#).
