EX-Manchester docker Mark E Smith has never been one for crowd-pleasing - but perhaps what makes The Fall such an interesting live proposition.

Since the band's 1979 inception, close to 50 members have come and gone, the majority its notoriously confrontational frontman, who is a true enigma among adoring rock journalists and indie fans alike.

Tonight, former Edinburgh resident Smith returns to the Capital with the latest incarnation and is set to give fans a sneak peek of forthcoming release Ersatz GB - remarkably The album.

The Fall, HMV Picture House, Lothian Road, tonight, 7pm, £19.50, 0843-221 0100
