FALL VIDEO OF THE DAY / NERD / ALBUM The Fall's "Nate Will Not Return," From *Ersatz G.B.*

posted by GRANT BRISSEY on TUE, DEC 20, 2011 at 3:25 PM

So what if it's just a picture of the album cover with the song playing. It's **Fall Video of the Day** because "Nate Will Not Return" is one of the stronger points off *Ersatz G.B.*, and **G.B. does NOT stand for Grant Brissey**. How does Mark E. Smith continue to make good music at this point? I'm pretty sure he's just a **songwriting robot that runs on alcohol**, an extremely non-lucrative creation of some crazy/genius scientist. Sure the robot has slipped up a couple times, but this album, which dropped December 6, and the last one I heard, 2005's *Fall Heads Roll* are both tits.
