LINDA LOVELACE'S LOOSE LIPS: THE LAST INTERVIEW WITH LEGS MCNEIL

Released by MVD.

Legs McNeil, co-author of the must read **THE OTHER HOLLYWOOD: THE UNCENSORED ORAL HISTORY OF THE PORN FILM INDUSTRY**, managed to film the last interview with Linda Lovelace, the controversial star of the legendary **DEEP THROAT**, just before her death in 2002.

BEHIND THE GREEN DOOR

1972 Directed by Jim and Artie Mitchell. I admit

With the recent release of the biofilm *LOVELACE*, there's been a renewed interest in the life of Linda Lovelace and this release is a welcome addition to the Lovelace mythos. McNeil narrates and delivers the structure of this documentary which includes additional interview footage with Bill Margold, Marilyn Chambers, Chuck Traynor, FBI agent Bill Kelly, Lovelace biographer Eric Danville and others. There's quite a bit of familiar footage if you have viewed the excellent documentary *INSIDE DEEP THROAT* (2005) and *LOOSE LIPS* will seem repetitive during its first half titled 'The Truth'. This segment allows Linda and McNeil to review the history of the film *DEEP THROAT*, the climate of adult cinema at the time and the involvement of Linda and others.

As this section wasn't showing or telling me anything new I was starting to feel like this was just some quick cash-in release, rereading the same familiar territory of Linda's story of her abuse at the hands of her husband/manager Chuck Traynor and her later crusade against the world of porn. Yet it's the film's second section that makes this release worthwhile. FINALLY, someone has the guts to contradict Lovelace's statements and McNeil flat out calls Linda's tales 'lies' giving reference to a great deal of evidence completely contradicting the tales of constant beatings and her performances under threat to her life. Honestly, there is even more evidence on the contrary that McNeil doesn't even cover here but his commentary on the situation is intelligent and backed by his years of research around the subject. What seemingly starts out as yet another sympathetic look at Linda's 'ordeal' (similar to the recent *LOVELACE* film) becomes a welcome and honest alternate look at this story.

The video quality of the release does leave a little bit to be desired. Many of the clips included appear to have been taken from on-line or video tape sources but if you can look past these small shortcomings, this is a recommended piece to the puzzle in the story of Linda Lovelace and *DEEP THROAT*.
