# Linda Lovelace's Loose Lips: Her Last Interview with Legs McNeil

POSTED BY KEN MURRAY ON JANUARY 5, 2014 IN REVIEWS

ODD BIOGRAPHICAL DOC

Film ★★★★★

Bonus Features ★★★★★

### Main Plot Points:

- Before Linda Lovelace's (Deep Throat) untimely death in 2002, the pornographic-superstar sat for a no-holds barred interview with pop-culture historian Legs McNeil. Fortunately McNeil hired a film crew to record the historic event as Linda recounted the making of Deep Throat, the most successful X-rated film in history, how she introduced oral sex to America, as well as her turbulent relationship with manager-husband Chuck Traynor, the Mafia's involvement in Deep Throat and porn, as well as her role (and exploitation by) the Anti-Porn Movement, and her subsequent return to pornography in 2001.
- This is the last interview Linda ever gave. With

additional commentary by Marilyn Chambers, Chuck Traynor, FBI Agent Bill Kelly, biographer Eric Danville, Sharon Mitchell, Bill Margold, and many others.

### What We Thought:

- **Linda Lovelace's Loose Lips: The Last Interview with Legs McNeil** is an odd documentary.
- Part one is what they call "The Facts". Things that kinda happened or at least

what Linda says happened during her life in porn. Then there's a section that contradicts all of that and a third section which kinda goes over what can be proven or not.

- At first you believe the sad story of Linda, but then once others (including FBI agents and other authority) start calling her out on her lies, you realize there's a lot more to the story. She always said that when you watch **Deep Throat**, you are watching her being raped, but neither her co-star or anyone who was there recalls her not being a 100% willing participant. She definitely comes across as nuts in some of it.
- I understand a lot of the footage is 30-40 years old, but some of the documentary was shot in the early 2000s before Linda died. My question is though, why does the film itself look so terrible? What was this shot on? Did someone run it over? It looks terrible.
- If Linda wanted to come across as a victim, she really doesn't in **Linda Lovelace's Loose Lips: The Last Interview with Legs McNeil**. So many people contradict everything she says and she comes across as a liar who felt bad for doing what she did. At the time she firmly embraced the lifestyle and met tons of celebrities like Elvis and Sammy Davis Jr. yet she turned on the industry that made her famous and got used by the Feminist movement. Interesting watch overall though.
