

# Night of the Tentacles

(<http://www.dvdsnapshot.com/wp-content/uploads/2013/02/NightoftheTentacles.jpg>) **Official Synopsis:**

In this obscene Faustian tale a young artist sells his soul to Satan for the new heart he so desperately needs. The only catch is that the heart is a tentacled monstrosity with a hunger for human flesh! Will Dave get the girl of his dreams? Will he run out of neighbors to feed to his infernal heart? Will Delilah ever finish urinating? Find out in Night OfThe Tentacles!!!

## **Our Take:**

If you read me consistently or even from time to time, you know I don't mind a movie that's so bad it's good. **Night of the Tentacles** had that type of potential, but ultimately it's terrible. I mean unwatchable. It's outright awful.

I know it sounds like I'm being mean, but I'm not. There's not one redeeming quality in this film. The acting is some of the worst I've seen in a long time. The special effects are closer to "special" if you know what I'm saying. The dialogue is stupid and I doubt there even was a real script. Sure there's some nudity that usually helps in cases of terrible movies, but trust me, you don't even want to see this nudity. It could have been a cult film, but it's just stupid and looks like it was shot in some apartment complex in the middle of America over the course of the weekend with people who don't know how to make movies.

## **Special Features:**

None

## **Conclusion:**

If you couldn't tell, I thought **Night of the Tentacles** was horrific. Not horrific in the good way a horror

movie can be, but in the horrific movie going experience way. There is no other way of just saying that it's terrible.
