This is my favorite of the recent rash of DVDs I have gotten from my friends at MVD. Night of the Tentacles (<http://mvdb2b.com/s/NightOfTheTentacles/MVD5300D>) is about a young artist who sells their soul to Satan. It's a tale as old as time. This tale is about a life or death pact.

A review on the cover says "blood, boobs, slime, tentacles, and laughs." I agree.

If you like like blood, gore and crazy horror, B movie plot lines- this film IS for you!
