## DVD Review: NIGHT OF THE TENTACLES (2013)

### NIGHT OF THE TENTACLES

Written & Directed by:  
Dustin Mills  
Distributed by [MVDvisual](#)

I love the cover of this DVD. What a great cover...from the pic, to the cool font of the title. The case for this DVD is awesome!  
Unfortunately, what is inside the case...well..not so much. Here is the plot of **NIGHT OF THE TENTACLES** from the MVD website:

*In this obscene Faustian tale a young artist sells his soul to Satan for the new heart he so desperately needs. The only catch is that the heart is a tentacled monstrosity with a hunger for human flesh! Will Dave get the girl of his dreams? Will he run out of neighbors to feed to his infernal heart? Will Delilah ever finish urinating? Find out in*

### NIGHT OF THE TENTACLES!!!

This will be a short review, as there is really not much to say about this one. The acting is horrible, especially from the lead male playing the part of Dave. He might have potential to be a good actor, but in this film he overacts way too much, making some really dumb faces and facial expressions all throughout the film. It's almost like he is trying to be like Bruce Campbell from the EVIL DEAD films except he is trying way too hard. Watch it and you will probably see what I mean.

This film is very low budget and it shows. Now don't get me wrong, I can enjoy and appreciate a good, low-budget film. I have seen a lot of them. As long as they entertain me and keep me interested, I couldn't care less what the budget for the film was. NIGHT OF THE TENTACLES did not keep me interested. In fact, it took me a couple of times to watch the film as I kept falling asleep.

I really can't recommend this film to anyone. BUT...like I always say, check it out for yourself and see what you think. I have seen quite a few positive review quotes about this film, so maybe it is just me. I have to be honest in my reviews, though, so I am telling it like it is.

If you have seen this film, leave a comment and let me know what you thought of this movie. Am I wrong in my negative review of this film? Leave a comment and let me know!

I've been reading reviews of this movie trying to figure out what specifically made the other reviewers like it so much. Admittedly, when I first watched it, I was caught off guard. It

is surprisingly charming in a lot of ways. It has shortcomings, but what micro-budget doesn't, and this movie hides its own relatively well. My ultimate conclusion is that this movie is just better than it has a right to be, and no one knows exactly why. It is undoubtedly a combination of many things. Then I came across your review. Maybe you are pressed for time in your movie watching schedule. Maybe you couldn't actually front the \$15 to get the movie, though you likely had a copy given to you. If I'm being honest, however, your review is just lacking in substantial content. You don't address anything that I couldn't have seen by watching the trailer and googling the box art. Do yourself and us readers a favor and actually watch the movie. If you plan on being a critic worth reading at least put in the time to watch the movies. Even if the review is still negative, at least help me in my quest to analyze this movie and it's loving fans.
