

FASTWAY (DOG EAT DOG) CD Well this is the band's 1st studio record since the 90's, well with a new singer Toby Jepson (LITTLE ANGELS) the old one is now in a well known punk/alternative band as well as Fast Eddie Clarke (MOTORHEAD). Well the classic 80's style sound is still there, and still reminds me somewhat of BULLETBOYS / BANG TANGO with a lot of killer guitar action added. Great record from a killer band whose still rocks.
