Fastway – Eat Dog Eat
SPV
www.fastwayofficial.com

Rating: B+

Fastway is back! It has been ages since this band has released new material and, not since their rocking debut, has Fastway sounded so good.

Fast Eddie Clarke teamed up with Little Angels and Dio Disciples vocalist Toby Jepson, who also produced the album, and put together a rip roaring feast of classic hard rock. Just one listen and you're hooked as songs like "Deliver Me," "Leave the Light On," "Sick as a Dog" and "Freedom Song" will make you think you still have a mullet – hell, they will make you think you still have hair – this will take you back to 1983!

Fast Eddie Clarke's wah-wah soaked lead sections will bring fists in the air. The former Motorhead guitarist has once again found himself and hopefully, this release, will resurrect his career.

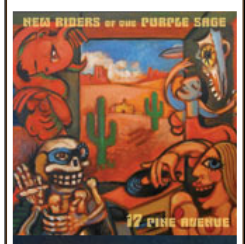

The bottom line here is to snap this one up as the dog is hungry and needs to be fed! Hats off to the boys for releasing a killer collection of rocking tunes.
