

**Jimmy Lynch** - *Nigger Please!* (CD, [Cult Collectibles](#), Comedy)

Originally released on vinyl on the Laff label in the 1970s, this is the first time **Jimmy Lynch's** *Nigger Please!* has been made available on CD. So we tip our hats to the fine folks at Cult Collectibles for realizing there is definitely an audience for humorous oddities from the past like this. Lynch is ultra crude and offensive...and he has a totally goddamn *filthy* mouth. This is some FUNNY shit...and it's also a great reminder of how so many people have lost their sense of humor over the past couple of decades. That's one reason we appreciate vintage humor. Long ago folks weren't as touch sensitive as they are now. And their ability to laugh at themselves was one of the reasons there wasn't so much hatred and violence in the world. While Jimmy had some success as a standup comic he is probably best known for his acting in films like *Dolemite*, *The Human Tornado*, *Disco Godfather*, and more. This genuinely thought provoking album presents eighteen segments that clock in at just over 37 minutes. Funny damn stuff that goes by lightning fast. If you're looking for chuckles you'll find plenty of 'em here... [Note: Anyone who has a ridiculous knee-jerk reaction to the album title probably has a ridiculous knee-jerk reaction to **anything**...] Way cool funny stuff from a very funny man. Top pick.
