## Redd Foxx: I Ain't Lied Yet

By: Paul Barrel

### Redd Foxx I Ain't Lied Yet (MVDaudio)

This reissue of a 1978 album of comedy material by the incorrigible Redd Foxx stands the test of time. He's bawdy, he's risqué and, above all, he's funny as hell.

This isn't Fred Sanford routine. Redd was known in his day as one of the bluest working comics around. I Ain't Lied Yet showcases what "blue" represented back then and just how much society has changed over just 34 years. He discusses some pretty raunchy material without being obscene or using four-letter words.

Foxx was a wordsmith and used his talent to craft some brilliantly poignant material.
