**Redd Foxx** - *I Ain't Lied Yet* 4/2

O's Notes: Most people know the late comedian/actor Redd Foxx for his leading role in that hit TV series Sanford and Son. It was a long running series filled with an abundance of funny skits and characters. On stage, Redd was quite witty but mostly off- color with very entertaining jokes. They called him Dirty Redd and he is celebrated in Cult Collections, a series of old school comedy classics. This one has nineteen of the best from Foxx and it is indeed one that will have you laughing.
