The Story of Rock 'N Roll Comics DVD

Review by G. W. Hill

I still have some of these comic books. I had no idea of the whole story involved. We get a censorship battle, some supposed shady dealings and a murder (literally) all in the story of these comic books. From law suits filed on behalf of some acts to earning fans from the likes of Alice Cooper, Gene Simmons and Frank Zappa, this is one heck of a story. I'd recommend this to fans of comic books and fans of music. It's got a lot here worth checking out.
