This much sort after film examines the short, controversial life of publisher Todd Loren, whose scandalous series of unauthorized comic book biographies of rock stars charmed some (Gene Simmons, Jerry Garcia, Nick Mason of Pink Floyd) and enraged others (Axl Rose, Bon Jovi, Skid Row, New Kids on the Block) who eventually sued him, unsuccessfully. In 1992, Loren is found dead in his condo murdered, opening up intense speculation as to who and why. His death has remained unsolved with suspicions that he had been killed by Andrew Cunanan, the murderer of Gianni Versace.
