Ignitor - "Year Of The Metal Tiger" CD

From Texas comes this classic metal band with their 4th studio album, and it's a throwback to the days of greats like Judas Priest or Iron Maiden. Sure, tracks like "Heavy Metal Holocaust" are silly and juvenile (especially lyrically), but they are also well-played and tight musically, with screaming leads and good production. Fans of classic heavy metal as it used to be will be delighted with this band's multi-pronged attack. [\(MVD Audio\)](#)
