

GG ALLIN & THE MURDER JUNKIES (BLOOD, SHIT, and FEAR) DVD Well most of this footage are from a few band shot or bootleg footage, that I seen some or have before from various traders from year's pasts. But all the shows are approve by Merle and some are cleaned up and look 100% times better. Well this DVD feature shows from the Antenna Club 91', Fuped Duck 91', Orpheus 91' and 2 bonus shows from Ohio and Richmond that are all true GG shows from Hell. Well this DVD captures GG from 91 to 93 and give you a look at one of punk's / rocks true rock n roll outlaw who kept his music out of control, raw, violent, and bloody just the way I love it. Well love him, hate him, but GG on stage is just a legend. This dvd feature such GG classics as... outlaw scumfuck, I wanna fuck you, bite it you scum, gypsy motherfucker, and more great songs.
