## Ass Studios Presents...

### Ass Studios Presents...

Production Year: 2011

Release Date: 05/22/12

Collection number: 1070

I recently received a DVD containing 3 of the strangest short films I've ever seen in my life. Manginas, drugs, and beer. Yes, you've guessed it, I'm talking about Ass Studios.

Art Star Scene Studios or ASS Studios for short, is headed by Courtney Fathom Sell who also directed the short films I'll be talking about today.

The DVD offers three short films along with a handful of extras.

**Sinful Bitches** is the story of a down and out couple who in desperation rent a room from a troll obsessed drunkard and her uh..."special" son.

**The Bitches of Bowery** is pretty interesting, it actually features no dialogue and sort of plays out like a long music video. Bitches follows the exploits of three scantily clad ladies that roam around the lower east side raising hell. They end up finding a new recruit in that of a younger school girl-looking broad. This one is cool to say the least.

**Killer Unicorn.** God, where do I begin, this is probably the funniest short in the collection. Killer Unicorn is about a scrawny nerd whom after being picked on one too many times receives a cheap looking unicorn mask. When he dons the mask he is transformed from a scrawny geek wearing unicorn mask into an overweight geek...Wearing unicorn mask.

Lastly there's **Elf Workout.** This one just needs to be seen.

There's also a few extra features and an easter egg rounding out the DVD.

The short films are rough, raunchy, and ridiculous. Extremely low budget and jammed full of stock music, this collection of shorts is certainly not for everyone. I highly enjoyed it and would be interested in checking out the next batch of films this company puts out!

*Ass Studios Presents can currently be pre-ordered at MVD.*
