Zombie Undead

Posted on [September 2, 2012](#) by [David Andreas](#)

– (2010) – Survivors in and around a hospital try to outlast a zombie outbreak. Acts as though it's the first undead movie in creation, though every single moment (from tired horror devices to corny dramatics) has been seen a thousand times. A sad excuse for horror and film in general.

THIS ENTRY WAS POSTED IN [ZOMBIE](#). BOOKMARK THE [PERMALINK](#).
