A Day Of Violence (2010/MVD Visual DVD)

Mitchell Parker is a debt collector; he comes and collects money for the mob when people can't pay up, but fate seems to smile on him when his latest 'client' hid \$100,000 cash in his beanbag chair and is enough for Mitchell to start a new life... as long as no one finds out he took it. But when news leaks out to the mob \$100,000 is missing Mitchell finds the tables have turned, now he is the one being hunted down by the mob... and they are pissed off.

Mitchell is also a low level enforcer for the mob, his specialty is beating money out of people, but when a routine collect from a drug dealer he suddenly finds a hidden large stash of money, so he kills the dealer and hopes no one is the wiser. However, little did he know he was recorded and when the mob leaves a trail of bodies and find out it was Mitchell the whole time, they will bust his balls to get their money back in **Day Of Violence**.

Why do enforcers for the mob always seem to be plus sized bald guy?

Money does funny things to people, it makes them greedy, but greed always seems to find a way to bite you back. What was a break turns out to jumping out of the pan and into the fire, a former enforcer on the run from his own people. He must fight or die, get ready for blood, guts, guns and balls cutting. Extra includes a still gallery, while picture and sound are very soft and average.
