Even casual readers of the *New York Post* will find it hard to miss the full-page ad immediately following the paper's must-read gossip section, Page Six, that claims President Obama's biological father is not Barack Hussein Obama Sr., but rather poet and labor activist Frank Marshall Davis. Or as the ad puts it, "Communist Party Propagandist Frank Marshall Davis." The ad, headlined "Obama's Big Lie Revealed," is a promotion for a DVD titled *Dreams from My Real Father*, which is billed as "Amazon's #1 documentary."

OBAMA'S BIG LIE REVEALED
in Amazon's #1 documentary!

Barack Obama's real father is:

Communist Party Propagandist Frank Marshall Davis
New film reveals to America who the President really is

- Obama's real father was Communist Party USA propagandist Frank Marshall Davis, a suspected Soviet agent. Davis indoctrinated Obama into Marxism from ages 10-18.
- Barack Obama's life story, the basis of his political career, is a fairy tale. The "Kenyan goat herder" father was only a sham marriage to hide an illicit affair. Obama used him to obscure a Marxist political foundation. America has been had!
- Beginning in 1983, Weatherman Bill Ayers, and his father Tom Ayers, funded Barack Obama's education and nurtured his political career.
- Obama is a "Red Diaper Baby," following the Saul Alinsky strategy to COLLAPSE Capitalism and DESTROY the American Middle Class:

TAX Health Care + LEGALIZE illegals + STIMULUS for Cronies + ATTACK Business + Food Stamp DEPENDENT Society + Welfare WAIVERS = **BANKRUPT AMERICA**

The "Dreams from My Real Father" ad in the "New York Post"

The ad comes as Obama's presidential campaign is polling ahead of Mitt Romney's following last week's Democratic National Convention. Though the documentary was released earlier this year, mainstream publications have largely ignored the film and its claims. The majority of press mentions on the film's [site](#) link to WND.com, which calls itself "America's Independent News Network."

The top story on WND.com right now strikes a triumphant tone as it explains how—after being rejected by the *New York Times*, among other publications—director Joel Gilbert personally showed up at the *New York Post*'s offices and convinced the right-leaning paper to run the ad. The story is titled "[New York Post Ad Exposes Obama's Real Father](#)." So apparently ads are news sources now. Then again, this comes from a site that considers Rush Limbaugh's every pronouncement newsworthy, and gives bylines to Jerome Corsi, an outspoken birther who led the charge in the Swift Boat smearing of John Kerry in 2004.

The ad's one irrefutable claim is that the DVD is topping Amazon's documentary sales. With few exceptions, reviewers are giving it five stars and gushing reviews. They give less credence to some of Gilbert's other films, including *Elvis Found Alive* and *Paul McCartney Really Is Dead*.

Frank Marshall Davis [moved to Honolulu in 1948](#) and became friends with Obama's maternal grandfather, Stanley Dunham. In his bestselling 1995 memoir, Obama identifies him only as "Frank." Understandably, the Obama campaign will not dignify the ad with a response.

It's difficult to square Gilbert's claim that Obama is Davis's Hawaii-born love child with the equally preposterous but resilient theories from the uninformed right that Obama is a secret Muslim born in Kenya. The only "evidence" the ad provides is a pair of side-by-side photos of Obama and Davis, who bear no resemblance to each other aside from the fact that both men are black and, in the photos, are facing the same direction.
