If that's his real father, does it mean he's no longer a Kenyan?

I equate these kind of political attacks on Obama to firing a shotgun. Tiny little balls of nothing are fired in a widely spread pattern in hopes that one of the little balls will do some damage.

I find it laughable.

WTF is all that?

I think the young people enjoy it when I "get down," verbally, don't you?

I don't think even Obama knows who his father is, I'm not about to waste my time trying to figure it out neither.

Hey wait, I think they are onto something here. That black guy in the video looked a lot like the other black guy.

Andrew Breitbart's ghost gives the f'd-up editing on those quotes his full seal of approval. The nudie pics of Mama Obama are interesting though.

That video was great. Please post more like it. A new thread for each, if possible.

Homer: [looking at watch] Two hours? Why'd they build this ghost town so far away?

Lisa: Because they discovered gold over there!

Homer: It's because they're stupid, that's why. That's why everybody does everything.

Except that they aren't pictures of Ann Dunham. These pictures came out in 2008, and there were right-wing extremist, neo-Nazi message boards that studied in obsessive detail the naked pictures and known Ann Dunham pictures, like this:

<http://thebeerbarrel.net/threads/is-...s-mother.7275/>.

At one time, snopes.com argued they weren't pictures of Ann, but their take on it was apparently deleted (they claimed it was some pinup lady

named Marcy Moore). I think the deletion was more about, "On the chance that these are Ann Dunham, why should we care so much that we publish these incredibly private photos?"
