

Who's Your Daddy? Was Communist Frank Marshal Davis or Malcolm X Obama's father?

BY COACH COLLINS, ON JUNE 10TH, 2012

As if President Barack Hussein Obama's nativity story could not get any stranger, suddenly it does as a new film by producer director Joel Gilbert is making a big case that real biological fatherhood really belongs to CPUSA member Frank Marshal Davis! "Dreams From My Real Father," as reviewed by senior WND reporter Jerome Corsi (1) quotes the film maker as rejecting the official story that the Kenyan born goat herder was the president's father.

Instead, Gilbert argues, Davis, the radical poet journalist and card-carrying member of the Communist Party of the United States is the real, biological and ideological father of America's sitting President. This film, set to hit the screens in July, is virtually being ignored except by WND, the premier site for investigating the Obama birth story and for presenting Sheriff Joe's investigations into solving the mystery of who Obama really is.

If in fact Obama really is the son of Davis, then the Natural Born Citizenship status of Obama would change, but because apparently no repatriation papers have surfaced showing he came back into US citizenship after being adopted by Indonesian Lolo Soetoro, then Obama's eligibility to sit in the Oval office remains in question. The film cites two years of research that hint at an intimate relationship between the teen age Stanley Ann Dunham and Davis, resulting in Obama's birth into a heritage of hatred of Capitalism and an intrinsic indoctrination into Socialism, Marxism and Communism!

The film quotes Obama saying "The Free Market doesn't work; it has never worked."

Real beliefs of our Leader surface in footage that show the ideology of Davis who wrote articles entitled "Socialized Medicine Preferred; Free Enterprise or Socialism; How to Become a Communist; Yankee Imperialism."

But one WND commenter will have none of this story line, preferring instead to say the biological father identity belongs to Malcolm X.

"Stanley Ann Dunham is Anne. .who gave birth to a boy in 1959 named bari shabazz (her spelling) after Malcolm X in NY. The physical similarities are quite genetic." This is in reference to facial features common to both Obama's oldest daughter and Malcolm X.

An apocryphal internet story which continues to make the rounds says a U.S. soft wear business man named Tom Fife's dinner companions in Russia included a husband and wife, and that she refused to be silenced when she asserted that America soon would have a Communist as President. The woman went on to draw similarities to a young Afro American man. But the new film's website (2) says Davis held "Security Index A meaning he would be arrested in the event of a national emergency!" Barack Obama is shown on film emphatically stating in 2008 "We are five days away from fundamentally transforming the United States of America." Film producer Gilbert who subtitled his documentary "Story of Reds and Deception" said in the Corsi interview "Promoting a false family background to hide an agenda irreconcilable with American values is a totally unacceptable manipulation of the electorate!" (4)

Without DNA evidence, we may never know the paternity of the Leader in the Oval Office.

George...You 'had me' with the title words!! Though I probably would have said "Whose 'Yer Daddy". As if we aren't all mystified enough with the older "provenance" problems and conspiracies surrounding this damnable man.....it is positively and outrageously criminal to subject us to another !! Does anyone know anything about the producer- film-maker, Joel Gilbert ?? He's probably on Obama's payroll somewhere. It just may BE that the tales, the photo of Barry wearing (allegedly) the very eye-glasses worn by Malcom when he was (thankfully) gunned-down, Little Barry's physical resemblance to, and Dunham's association with, Malcom X was getting just a wee too much 'traction' ; so now is a good time to change-up the "Who's Waldo" scenario... Frankly, I'm as P.O. by the actions of these opportunists as I am by the mongrel-cur-creature in the Oval Office. Obama has a pair of "brass ones"...I'll give him that.... For, If I'd had what now appears to be the 'easy lay' of a groupie for Black Communists for a mother...I wouldn't be able to step outside my front door for the shame of it !!

This has to be settled once and for all. Someone who has the resources/access/expertise should get DNA (hair, saliva, skin...whatever), of everyone mentioned in the article. If they're not alive anymore, then get a sample from their proven relative. Someone like Donald Trump comes to mind as someone who would have the resources to figure out how to do this legally. True Communists/Socialists have never hidden their goal of eventually destroying the United States of America. Look at the people Obama surrounds himself with. Many of them are avowed Socialists/Communists. If it is true that Obama has this history, we need to be aware of it.
