Ever since President Obama was elected in 2008, questions have lingered as to who President Barack Obama II is. Since those questions have been ongoing for the past 3 years without many answers, a film maker Joel Gilbert will be releasing his [documentary \(http://obamasrealfather.com/\)](http://obamasrealfather.com/), "Dreams from My Real Father: A Story of Reds and Deception" in an attempt to answer those questions based on 2 years of research.

"The film provides the first cohesive understanding of Obama's deep-rooted life journey in socialism, from his childhood to his presidency," Gilbert told [WND \(http://www.wnd.com/\)](http://www.wnd.com/).

[WND \(http://www.wnd.com/2012/04/film-presidents-father-not-barack-obama/\)](http://www.wnd.com/2012/04/film-presidents-father-not-barack-obama/) stated that Gilbert rejects the official story that the Kenyan-born Barack Obama was the president's father. Instead, he argues, Frank Marshall Davis, the radical poet and journalist who was a card-carrying member of the Communist Party USA, was the real, biological and ideological father of Barack Obama.

"I decided to investigate Frank Marshall Davis. His close physical resemblance to Obama was shocking, while Obama little resembled the Kenyan Obama," Gilbert [said \(http://www.wnd.com/2012/04/film-presidents-father-not-barack-obama/\)](http://www.wnd.com/2012/04/film-presidents-father-not-barack-obama/). "How could this be?"

Gilbert [stated \(http://www.wnd.com/2012/04/film-presidents-father-not-barack-obama/\)](http://www.wnd.com/2012/04/film-presidents-father-not-barack-obama/) that "Dreams from My Real Father" is the alternative Barack Obama "autobiography," offering a divergent theory of what may have shaped our 44th President's life and politics.

Just recently, the Paulding County Republican Examiner exposed the [infiltration of communism \(http://www.examiner.com/article/soviet-espionage-created-america-s-political-correctness-culture\)](http://www.examiner.com/article/soviet-espionage-created-america-s-political-correctness-culture) into America's political and social landscape dictated by the release of "Willing Accomplices: How KGB Covert Influence Agents Created Political Correctness and Destroyed America" written by Kent Clizbe.

The book explains describes in detail of how the Soviets infiltrated

America and began a covert operation of transforming America into today's political correctness society

Mr. Clizbe stated, "The PC-Progressive ethos, created by the KGB's covert influence operations is the core of today's Democrat Party."

It is interesting to note that Director Joel Gilbert's documentary ties the communist background of Obama's real father and reveals who President Obama is, what his views are, and his political ideology which are along the same lines as stated in the Clizbe's book, [Willing Accomplices \(http://willingaccomplices.com/\)](http://willingaccomplices.com/). book.

"Unfortunately, Obama's style is to minimize, misdirect, and outright lie about damaging information about his past," Gilbert said. "I hope the media will now demand that he come clean about his family background, his political foundations and fully reveal his agenda for transforming America."

"Dreams from My Real Father: A Story of Reds and Deception" will be released this summer, with screenings in theaters across the country being planned.
