“Who’s your real Daddy?” is a question that remarkably continues to dog Barack Obama, even as he proceeds into his fourth year as president.

“Who’s your real Daddy?” is a question that remarkably continues to dog Barack Obama, even as he proceeds into his fourth year as president.

With the release this July of Joel Gilbert’s full-length documentary, “Dreams from My Real Father: A Story of Reds and Deception,” the mystery deepens regarding who Obama really is.

Gilbert rejects the official story that the Kenyan-born Barack Obama was the president’s father.

Instead, he argues, Frank Marshall Davis, the radical poet and journalist who was a card-carrying member of the Communist Party USA, was the real, biological and ideological father of Barack Obama.

While Gilbert provides no hard evidence, there is enough circumstantial smoke here to suggest there might be a fire to hang his theory on.

I for one (as have many others) advanced the theory that the reason for O'Bummer's refusal to release his real BC had nothing to do with where he was born, but as there had to be some reason (logic itself concludes that) for his refusal, it could very well be that by doing so, it would contain information which would be highly embarrassing and detrimental to his political aspirations.

Of course I didn't stop to think as outlined in this story that this information would not only be embarrassing but would destroy his career as it would show his entire life was [intentionally] built on a lie in order to advance the narrative of Barry having come from a family who's father was a poor farmer from Kenya.

Also, though it is now acceptable (even "fashionable") to be a Progressive and Americans are not that concerned with Libs (though they should be) most would NOT be so receptive to learn that their candidate (or CIC) had been groomed and indoctrinated by a rabid, dyed-in-the-wool Commie from a young age, who in fact, turned out to be his father.

Velly interesting, but I'd bet the farm this will be scant attention from the corrupt, uber left, in-the-tank-for, Dear Leader, Lame Stream Media and I KNOW, the Republican Establishment (to include Mittens) will run from this as fast as they can and won't touch it with a 100 foot poll.

and his ineligibility.

Heck, the GOPE is putting in its OWN ineligible to erase THAT issue, too, like ObamaCARE.

Here's the thing, though: If his story is merely "embarrassing" then why the forged Selective Service Registration or the "borrowing" of a Social Security Number that doesn't belong to him? These kinds of actions are indicative of identity theft, which often enough is a crime committed by illegal aliens trying to work themselves into the "system". There's a real tale to be told about all of this bs surrounding this guy. I wonder if it will come out in our lifetimes.

BARACK OBAMA

ANN DUNHAM

BARACK OBAMA SR.

I am not certain that the picture of Stanley Dunham is correct, but the Community Organizer sure does look alot more like the Commie Racist Marshall Davis than he does the Commie Racist Barack Obama Sr.

Too funny!

Being a Seasoned Citizen who was around back then, there are many names we attributed to "loose" women (though we young men sought them, few though they were, lol) and in addition to "tramp," "whore," "skank," etc., the one which Rush referred to Sandra Fluke as, "slut" was first and foremost, the moniker of choice....not that I would ever suggest Barry's Mom was one as well.

Perish the thought!

Amazing isn't it?

There are sooooo many people who probably know the truth and yet, nary a peep has materialized from his application to attend Occidental College to his SAT, Columbia, and on and on and on.

Scarry isn't it?

If the truth ever comes out--and no doubt at some time it will--it will too late and will not be until after he is defeated or has served his complete 2nd term....God forbid!

That's because the photo of Davis is after he's gained his post-forty forty. Their lips and philtrum are pretty close, as is skull shape, long and narrow, compared to Kenyan Obama, short and round. And he looks like Grandpa Dunham because his mom is his grandfather's daughter and he looks a lot like her.

Actually, I had the same idea. If some Conservative with money wanted to he could devise a plan to obtain hair, saliva samples (I won't even go into the capture of blood or semen - yuck) from FMD direct kin and Barry. Surreptitiously retrieving samples from garbage, bathrooms, brushes, CIGARETTES.... and then run the backward ancestry DNA trail. It could be done. Not impossible.

Stanley Ann was obviously named after Anne Stanley, the mother of Patrick Stanley Vaughan Heenan.

He spied for Japan during the Malay Campaign.

Sometimes things aren't always as they seem are they.

There were several indigenous revolutionary (Fascist/Communist/Cr*pola) groups in the Indonesian archipelago and adjacent South East Asian mainland.

Didn't you ever wonder why Stanley Ann was focused on Indonesia?

Freepers have been claiming for years that Chelsa is the kid of Web Hubble and that Bubba had a kid by a black whore.

There was no stomach for collecting a little money, hire a former FBI agent to collect DNA samples and prove for the historical record the true paternity.

It would be easy now but the propensity to make rather than make an effort to prove charges prevails. All it would take would be to begin a fund raising effort like the old days on FRee Republic, hire a reputable retired FBI agent and set him to work.

We in the present owe it to the historical record to find truth while it is possible.

Chillun' take after the father. I buy the idea that Obama's dad was Grandpa Dunham and his mother was one of Barak Obama Sr's sisters.

As Obama's uncle he'd be considered the father anyway.

Stanley Ann then raised him as his own ~ since she was like her mother ~ very forgiving ~ a sucker for third-world pleaders ~ and probably stray kitty kats and puppies.

I agree. I'm thinking Grandpa Dunham knocked up some black hooker or maybe even Davis' wife and then said it was Stanley Ann's kid. I've always been curious as to why Madelyn didn't want to be buried next to her husband.

More likely scenario:

Teenaged Ann was seduced and gotten pregnant by Frank Marshal Davis, Grandpa Dunham's good friend (and probable Communist Party cell leader).

Davis is married, and therefore cannot marry Ann (besides being much older). Grandpa Dunham refuses to allow Davis to get into trouble over this, and convinces Ann to quickly marry Obama Sr, one of the few blacks on the island. Obama agrees because this way he gets citizenship eventually. Madelyn is upset but goes along.

This is why Grandpa brings Barry along so often to meet Davis -- because Davis wants to see his biological son.

When Barry is older, Davis pulls strings of his old black radical friends [to help Barry get into Harvard](#), and then set up in Chicago with the help of radicals like Ayers and Jarrett.
